GET CONNECTED! GENERAL ADVICE FOR US INTERNATIONAL STUDENTS

The International Office at Korea University provides support for study abroad students and can help you find ways to get connected depending on your interests, hobbies and skills. There are clubs and sporting groups on campus to get involved with, and opportunities off campus which they can help you get information about. There will be opportunities to meet other international students, as well as Korean students, when you first arrive on campus and we recommend you take advantage of these “mix and mingle” activities and start getting connected right away!
